

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

December 21, 2020

Dear King Members, Friends, and Family:

Today, I am very happy to report that we no longer have any members in quarantine with COVID-19. The last member in our quarantine area was cleared today to return to their home building. The year has been like no other and I am grateful for our staff and proud of the way they rose to the challenge.

This week, you will receive information about the next steps regarding COVID-19 vaccine distribution. We are part of the Centers for Disease Control and Prevention's (CDC) Pharmacy partnership program where a pharmacy will come to campus to administer the vaccine to our members and staff. We are looking forward to curbing the spread of this virus and the vaccine plays an important role in doing just that.

Since my last update on Thursday (12/17), one employee at King who works in a non-residential building has tested positive for COVID-19. There are no new positive cases among members. Currently there are nine active positive cases of COVID-19 on campus (zero members, nine employees).

Please note, on December 23rd this update (if necessary) will be electronic only. We will post any necessary updates for December 24-27th on www.WisVetsHomesCOVID.com. Beginning in January 2021, we will be moving to email and text notifications, instead of mailed paper letters, as our primary way of sharing these updates. If you haven't yet added yourself to our email and phone mailing list, please do so now at www.WisVetsEmail.com. If you would like to continue to receive printed and mailed letters, please contact Barb Anderson at (715) 256-5022.

As 2020 winds down, I would like to wish you and your family a healthy and safe New Year.

Sincerely,

Tammy Servatius, Commandant
